Silence in the air  
At the end of the affair  
End of the run (it's just begun)  
Silence in the air  
I don't know if I even care  
About anyone (you look overrun)  
My head is in the sun  
Seven More Minutes to hide away  
Far from everyone  
Seven More Minutes slide away  
Somewhere in the sun  
(Somewhere far from everyone)  
My head is in the sun  
(Somewhere far from everyone)  
My head is in the sun  
Silence in the air  
At the end of the affair  
End of the run (they have not won)  
Silence in the air  
I don't know if I even care  
About anyone (you're overrun)  
I heard you singing  
Seven More Minutes to hide away  
Far from everyone  
Seven More Minutes slide away  
Somewhere in the sun  
(Somewhere far from everyone)  
My head is in the sun  
(Somewhere far from everyone)  
My head is in the sun  
(My head is in the sun)  
Far from everyone  
(somewhere far from everyone)  
Seven More Minutes to hide away far from everyone  
(Somewhere far from everyone)  
Seven more minutes slide away somewhere in the sun  
Somewhere in the sun  
My head is in the sun  
Somewhere in the sun  
My head is in the sun
