One life one chance
Play god for body parts
What size and color
Don't it look like mother
One me one you
Four eyes of baby blue
Its final will men fade
Don't you look pretty over my dead body!
Ya can't clone my soul
Ya can't clone my soul
Till my heart stops beating don't let go!
One life one chance
Play god for body parts
Big lord is watching over hells kitchen
Ya can't clone my soul
Ya can't clone my soul
Till my heart stops beating don't let go!
Ya can't clone my soul
Ya can't clone my soul
Till my heart stops beating don't let go!
No don't let go
Don't let go
Don't let go
Don't let go
Clone
Clone
Clone
Clone
