You always get the last word
You fly like a mocking bird
Every time I get you cornered
You slip through
My fingers
You do

When I'm trying to outrun you
You won't leave me alone
When I need you to be with me
I end up on my own
Oh I wish that I could move you
Faster, be still or rewind
But it's a matter of time

My heart is a rubber band
Strung out between your hand
You gave me love
I wasn't ready
Then you took it back
Now that I am

When I'm trying to outrun you
You won't leave me alone
When I need you to be with me
I end up on my own
Oh I wish that I could move you
Faster, be still or rewind
But it's a matter of time

My love (Why can't we go back there?)
My faith (I'll be the only prayer)
The year (It's not so far away)
Too late (Can we start over again)
If he could see (What he could be with me)
Me now (That I feel differently)
I've come around (You'd see I've come around)

When I'm trying to outrun you
You won't leave me alone
When I need you to be with me
I end up on my own

Oh I wish that I could move you
Faster, be still or rewind
But it's a matter of time

Oh I wish that I could move you
Faster, be still or rewind
Faster, be still or rewind
But it's a matter of time
