I study you so well  
I know your every smell  
From the back of the room  
I can't learn a thing  
All I can do  
Is stare at you

But my body is all a wreck  
An adolescent mess  
They call me names  
Cos I can't squeeze in  
And don't know how to act  
But I will not be ashamed

If you'd stay with me forever  
We'll be here together  
We'll make up our own rules  
Create a new kind of cool

We'd walk the halls with ease  
Say all the smartest things  
And they'd wish they knew  
What makes us laugh and  
What cigarettes we smoke  
Or even if we do cos

If you'd stay with me forever  
We'll be here together  
We'll make up our own rules  
Create a new kind of cool

We'd never lose  
We can pick and choose  
Who soaks up all our fame  
And we can shout and we could shut them out  
Just to tarnish their names

And how I'd glow  
And my beauty  
Cos someone out there loves me

Right now life ain't so fun

I don't have anyone  
If you only knew  
The things that we could do  
Just me and you  
Conquer the world  
King and Queen  
At age 13

If you'd stay with me forever  
We'll be here together  
We'll make up our own rules  
Create a new kind of cool  
A new kind of  
A new kind of Cool
