Hey Linda what's going on with you  
I don't know who you are  
Always behind a masquerade  
Yeah always travelling far  
Don't you know can't you realize  
Tonight's love sold out  
Take my hand  
I can help you out  
Take a look down to the river  
To the silence of the rain  
In a world without innocence  
Could be no pleasure without pain  
Hey Linda don't you know  
There's life without a shame  
So give me a sign  
And we can dance again  
Leave the street of broken heart  
No love can tear us apart  
These words stay forever  
Nobody Nobody can't change it, NO! Never

Leave the streets my dying bride  
Lots of false romeos on their way tonight  
Tonight's love sold out
