Baby let's sober up and make our move  
Oh ohohoh oh ohoh I'm selling you out  
We'll spend the night alone, tonight it's me and you  
Oh ohohoh oh ohoh I'm breaking you down  
She said all she ever wanted was a safe bet  
So she'll never come undone  
So if you feel the light under the silver moon  
We'll sing the same old songs, just like we used to do  
All she wanted were the nights she gave up  
I fell in love but she'd had enough  
Cause all she sees in love is turning back to the clouds  
and giving up  
So on our feet or beneath the sheets she knows we'll be  
taking it slow  
But I never thought that I could get this close  
Oh ohohoh oh ohoh I'm breaking you down  
She said all she ever wanted was safe sex  
So she'll never come undone  
So if you feel the light under the silver moon  
We'll sing the same old songs, just like we used to do  
All she wanted were the nights she gave up  
I fell in love but she'd had enough  
Cause all she sees in love is turning back to the clouds  
and giving up  
I never thought that it meant that much to you  
To leave me here in the shit you put me through  
Cause all she sees in love is giving up  
I know that you've got reasons for your cold feet wit the  
changing seasons  
Yeah all she sees in love  
And I know you called it leaving but is that how you're  
really feeling  
Yeah all she sees in love
