We could fly to the moon girl and call it home  
We could swim through the ocean and cast out these  
woes  
I've had too much but it's never enough  
She said all I need is the summer sun  
But maybe all I need is this girl to call it love  
Cause it's all my fault  
And it's all my fault  
Hey madeline  
We have between us  
No more than the feet beneath us  
So here's the song that I promised you  
It's just the best way I could make it up to you  
And we could race for the clouds if the wind won't blow  
Yeah well be moving mountains if you say so  
She said god damn baby live or let up  
And so all I need is the summer sun  
Or maybe all I need is this town to be enough  
It's all my fault  
Throughout the brightest city I know  
There's nothing so damn pretty as  
This girl who gave her heart to the world
