Hey, Little Cobra, don't you know
You're gonna shut 'em down

I took my Cobra down to the track,
Hitched to the back of my Cadillac,

Everyone was there just a waiting for me
There were plenty of Stingrays and XKEs,

Spring little Cobra getting ready to strike
Spring little Cobra with all your might
Spring little Cobra getting ready to strike
Spring little Cobra with all your might

Hey, little Cobra, don't you know
You are going to shut them down

When the flag went down, you could hear rubber burn,
The Stingray pulled me going into the turn

I hung a big shift, and I got into high,
When I when I flew by the Stingray, I waved bye bye.

Spring little Cobra getting ready to strike
Spring little Cobra with all your might
Spring little Cobra getting ready to strike
Spring little Cobra with all your might

Hey, little Cobra, don't you know
You are going to shut 'em down

Around the turn into the straight away
I was blowing off everything that got in my way,

Stingrays and Jags were so far behind
I took my Cobra out of gear and let it coast to the line.

Spring little Cobra getting ready to strike
Spring little Cobra with all your might
Spring little Cobra getting ready to strike
Spring little Cobra with all your might

Hey, little Cobra, don't you know
You are going to shut 'em down

Shut'em down, shut'em down, shut'em down...
