Got a three window coupe that's short on looks
But she looks real good in the record books
I hold the track record in the quarter mile
With a low E.T. down the asphalt aisle

Three window coupe you're the toughest in town
Eat em up eat em up shut em down
Three window coupe make a trophy run
Three window coupe you're the toughest machine in town

But everybody knows she's the hottest in town
My hydro pressure heads make it twelve to one
And Sunday at the drag stop there's a trophy run

REFRAIN

Till the flag goes down and I pop the clutch
Then I put my foot in and I really go
And three window
