You're a stupid fuckin asshole go away
you're a piece of shit promoter go away
Just another emo band, with a stupid fuckin plan
You're a snot-knosed fuckin maggot go away

You're a grimy little vegan go away
Take your straight-edge and your hardcore go away
Just another benefit that we think is full of shit
You're a stupid fuckin maggot go away

How many times I see you smile at me
Then turn around N' fuckin shit-talk me
I got two words I gotta say to you:
FUCK YOU
