Tammy's a delinquent, what can she do?  
Her teachers don't care, and her parents sniff glue  
Tammy's a delinquent, what can she do?  
Her parents don't care, and her teachers sniff glue  
Tammy's a delinquent and that's why we love her

It was back in 1989, she came 'round N' gave the boys  
a wink  
A little cherry pie, daddy's girl, chewing gum  
Dressed head to toe in pink  
She had the world in her lap  
She'd turn a punk into a prep  
- But now she's different  
Tammy's a delinquent...

Things all changed in junior high  
She started a band and called themselves "The Clits"  
She had the leather N' her hi-top shoes  
took no shit, but flashed the boys her tits  
she is a female Jimmy Dean  
She is a punk-fuck Dairy queen  
-N' that's why we love her  
Tammy's a delinquent...

She's the kinda girl no man can tame  
And we hope that she'll always stay the same  
'Cause that's why we love her
