I'm drowning in my tears
You don't know how I feel
I can't do this anymore
The fight must stop at the door

I can't seem to concentrate
This love drives me insane
How can I make you understand
I'm no longer in your hands

Chorus:
Ohh, oohh, ahh, sweet good bye
You know baby no more tears from these eyes
I love you more than you know
But our love has gone to the floor
We just don't think alike
And I'm not gonna lie

My eyes no longer cry
I've drained my last drop
You think I'm the one who's wrong
Yet you never see it's your fault

Chorus Repeat
