Baby call me crazy
But every time I think of you
I feel so alive
Wanting to live, no longer die

I never meant to hurt you
I just want to be with you
I just want you to know that you're my

Chorus:
My first love, first real touch
My first kiss, my first heart
With you love's not the same
You're my first everything

Nothing hurts more than you
'cause you're not by my side

Finding true love is not easy
I'm sorry, I didn't mean to hide

I never meant to hurt you
I just want to be with you

Chorus:
My first love, first real touch
My first kiss, my first heart
With you love's not the same
You're my first everything

My first love, first real touch
My first kiss, my first heart
Finding love is not easy
I wish the world could feel as I do
