I thought I lost you
That we lost each other
My very thought
Hasn't been so still

I hold you dear
Close to my heart
I keep you safe always
With worlds apart

Reveal to me
You can save me
From losing you
And losing me

Cause that's the way
It's meant to be
I save you
And you save me

If you're lonely
And can't do anything
Remember when I comfort you
You'll smile and shine

Always love me
For I'll never stop loving you
The closest to heaven
Was being your friend
Reveal to me
You can save me
From losing you
And losing me

Cause that's the way
It's meant to be
I save you
And you save me

Cause I miss you
And want to share things with you
The Lord knows I've tried

But you're always on my mind

Reveal to me
You can save me
From losing you
And losing me

Cause that's the way
It's meant to be
You reached out
And touched me
And now I feel so complete
I saved you
And you've saved me
