Comfort me cradle me
Live for me arms spread out
Temper lights a fire in me
The shape of you breaking through
Desired are the chosen few
Standing on the edge of ecstasy

The taste of your skin
My body is giving in
And I'm falling into you
As you let yourself go
To the edge of the world
And I'm falling into you
I'm falling into you

Close your eyes and sacrifice
I'll breathe you in till I get high
The center of your world pulls me down
Oceans rolling over me
Crashing into you I see
You call for me
And I relive

The taste of your skin
My body is giving in
And I'm falling into you
As you let yourself go
To the edge of the world
And I'm falling into you
I'm falling into you

I come undone, I come undone, I come undone
I come undone, I come undone, I come undone
I come undone, I come undone, I come undone...

Comfort me cradle me
Live for me arms spread out
Temper lights a fire in me
The shape of you breaking through
Desired are the chosen few
Standing on the edge of ecstasy

The taste of your skin
My body is giving in
And I'm falling into you
As you let yourself go
To the edge of the world
And I'm falling into you
I'm falling into you

Falling into youÂ...
I'm falling into you
I'm falling into you
I'm falling into you...
