Resist the tempest
You cut with your knife
Till we're paralyzed

Well its hard to make it right when you were never
wrong
So I turn my head to avoid another confrontation with
you
Cuz I'm a fake, Ive made mistakes
And I dont care what you have to say
I've come too far to give up everything for you, what a
thing to do

Stubbornness plagues my alibi
I never want to apologize
How do you let me spend your time?
I use your hands to satisfy

Cover your eyes when youre about to lie
You dont want to see me die
How many knives will you thrust into the spine?
You wonder why
I'm paralyzed

Is everyone a suspect
In a crime that was never solved?
Or just maybe youre the criminal getting away, getting
away
with murdering your sanity
You're not where you're supposed to be
I thought I told you not to go in there but you dont listen
You dont listen

(Chorus)

What you dont know is that you dont know anything
about my life
But you're the reason I can't reason anymore

Cover your eyes when youre about to lie
You dont want to see me die
How many knives will you cut into my mind

You wonder why
I'm paranoid
I'm paralyzed
