(A-wella everybody's heard about the bird)  
The bird  
The bird  
Swinginest dance now to hit the scene  
It's got the latest groove and it's really mean  
Haven't you heard about the bird?  
Don't you know that the bird's the word?  
The bird  
Everybody the bird  
Come on, jump here and get on your knees  
And get to flappin' your wings, in the west or the east  
Haven't you heard about the bird?  
Don't you know that the bird's the word?  
The bird  
Everybody the bird  
Bird, bird, bird, bird, bird  
Well they're dancin' this bird on the east and the west  
Make this dance and you'll look the best  
Haven't you heard about the bird?  
Everybody knows that the bird is the word  
Everybody the bird  
Everybody the bird  
Everybody the bird  
Everybody the bird  
(Fade)
