(intro)

(Say what she do!)

The snappin' of her finger makes the dog wags it's tail
The whistle from her voice will make the train jump the
rail

Take her to a race track

Show her face

Horse that ain't won in years

Comes in first place

You know that, she's into something

Yeah, she's into something

She's into something

You should be into something, too

Well ya' laughed at her about a week ago

Now she's met a man with a whole lotta dough

And oh yeah, he's rich

I've seen the money

All she had to do was to call the man honey

Honey, honey

She's into something

Yeah, she's into something

Man, she's into something

You should be into something, too

(Cool Cray short solo)

Every day of her life

She rides around on wheels

And oh yeah, you might say she's got herself a stone-
cold deal

One thing the girl, she don't have to do

Is worry about no money when the payment's due

You know, she's into something

Yeah, she's into something

Man, she's into something

You should be into something, too

Hey, hey
Mmmm
Hey, hey, yeah!
Mmmm
Yeah, yeah, yeah

(Say what she do!)
