Pills (Pills)

Pills

I think I'm starting to faint

I need a dose of you

With a lid

Make me calm me down

Cos I'm running out of (Pills)

You give me symptoms no tablet could do

Dizzy love has spinning around and it's going down
(Pills)

No I ain't sick

No cough, no cold, no ache, no pain, no sneeze

But when I'm wit you

Just one touch brings me to ecstasy

Call the doctor tell him prescribe your body to me

Cos I'm getting close (ah ah) and I feel the dose and
I'm weak as me

A-Addiction

A-A-Addiction

Where is it? I need it, I gotta have you the reason is!

A-Addiction

A-A-Addiction

Doctor can't help me

Without your love I'm not healthy I'm so!

I think that I'm addicted

I think that I'm addicted

And now I'm in rehab

I think I'm gonna quit it

But I ain't really wit it

Cos him I've got to have

I escaped

Straight to his place

Found me a bottle

Put it on me

Just one touch and I'm back to where I started

I'm not your girl

I am your experimentation

So prescribe me everything you feel I could be missing
You gotta find this thing
Won't you tell me
Where I can pick it up personally
Give me just enough
Not two of a dose
Tell me when you need me and I'll be close

A-Addiction
A-A-Addiction
Where is it? I need it, I gotta have you the reason is!
A-Addiction
A-A-Addiction
Doctor can't help me
Without your love I'm not healthy I'm so!
A-Addiction
A-A-Addiction
Where is it? I need it, I gotta have you the reason is!
A-Addiction
A-A-Addiction
Doctor can't help me
Without your love I'm not healthy I'm so!

I know I ain't supposed to mix up
These pills up in this drink
Probably they'll freeze and I can't blink
Soon as I get a dose of your love
Turn me into a fiend
Always keep a bottle of you with me

A-Addiction (Pills)
A-A-Addiction
Where is it? I need it, I gotta have you the reason is!
A-Addiction (Pills)
A-A-Addiction
Doctor can't help me
Without your love I'm not healthy I'm so!
A-Addiction (Pills)
A-A-Addiction
Where is it? I need it, I gotta have you the reason is!
A-Addiction (Pills)
A-A-Addiction
Doctor can't help me
Without your love I'm not healthy I'm so! (Pills)

Pills, pills, pills, pills, pills
Pills (Pills)
Pills, pills, pills, pills, pills
Pills!
