Umbrella

You had my heart
And we'll never be worlds apart
Maybe in magazines
But you'll still be my star

Cause even when you're in the dark
You can't see shiny cars
And that's when you need me there
With you I'll always share, because

Chorus:

When the sun shines
We'll shine together
Told you I'll be here forever
Said I'll always be your friend
Took an oath I'mma stick it out till the end
Now that it's raining more than ever
Know that we still have each other
You can stand under my umbrella
You can stand under my umbrella

These fancy things
Will never come in between
You're part of my family
Here for infinity

And when the war took it's part
And when the world's dealt it's cards
If the hand is hard
Together we'll mend your heart, because
Chorus

You can run into my arms
It's okay don't be alarmed
Come to me
There's no distance in between our love
So c'mon let the rain pour
I'll be all you need and more, because
Chorus

It's raining, raining

Oh it's raining, raining
We're family here for infinity
It's raining, raining
Oh it's raining
You can always come to me
You can stand under my umbrella
