Everyday I dream and I pray, but they say my dreams
won't come true
I'm not wise enough, I'm not smart enough, I'm not
good enough
Silly girl you must be a fool to think he would want you
He would love you, he would hold you

But I know so I say that he'll send you this way
And we can move on prove them wrong and carry on
We can move on be strong and carry on
'Cause I believe in you

But we're living in a world of compromise
And we're headed for our own demise

But I'm searching for my little paradise
Yes I'm searching for my little paradise
Will you help me find my little paradise?
Somewhere beyond the skies

Day after day, they put me down
They say, "Hey little sister we don't want your kind
around"
'Cause you're not thin enough, you're not old enough
You're just ain't good enough for me

Silly girl you must be a fool to think that we would want
you
We would love you and we would accept you
Oh I hope and I pray that he'll send peace our way and
We can move on prove them wrong and carry on
We can move on prove them wrong and carry on
'Cause I believe in you

But we're living in a world of compromise
And we're headed for our own demise

But I'm searching for my little paradise
Yes I'm searching for that little paradise
I think I've found my sweet paradise
When I look in your eyes, your eyes, your eyes

Yes I know that one day we will finally be someday
And we will move on, we will be strong and we will carry
on
'Cause I believe in you
