

## The Rugbys "You, I"

You  
Are the color blue  
As I'm looking through  
At the magic mood  
I  
Don't know what to do  
When I look at you  
Are you looking too?

You  
You don't want me to  
Fall in love with you  
What else can I do  
I  
When I think of you  
Every time I do  
All I see is blue

You  
All I need is you  
All I want is you  
Don't you want me too?

You  
If you want me to  
Let me know it's true  
I'm in love with you  
You  
Are the color blue  
And I'm looking through  
At the magic mood
