The story of the heart is cold I'm told
Again and again to pretend
That loves a hero it brings you gifts of gold
Then bleeds you sober and I am

I'm bringing you down
Sing your pain
It's sad to see this tragedy but I will let this one go
I won't live another lie

Bringing out violence
Singing in silence
Loves a hero it brings you gifts of gold
Then bleeds you sober and I am

I'm bringing you down
Sing your pain
It's sad to see this tragedy but I will let this one go
I won't live another lie
I'm bringing you down
Sing your pain
It's sad to see this tragedy but I will let this one go
I won't live another lie

Just don't let this get the better of you
You will find your way
You and me this isn't over
But you won't find me this time
And I know I can believe my eyes
And I must do this alone
And I said

I'm bringing you down
Sing your pain
It's sad to see this tragedy but I will let this one go
I won't live another lie
And I'm bringing you down
Sing your pain
It's sad to see this tragedy but I will let this one go
I won't live another lie
