I wanted to be alone and
I never promised anything
You took a chance and lost
I need you gone at any cost
Cause every time I turn around
You're always there and
I know you really want me to
But I just don't really care

Get over me
I'm telling you
Get over me
Why can't you see?
Get over me

You don't seem to catch my drift see
I'm not playing hard to get
Don't ask me why we parted
How can this be over?
When it never even started
When I saw you at the show
You seemed so great, boy
But at that point in time
I wasn't seeing straight

Get over me
I'm telling you
Get over me
Why can't you see?
Get over me

Placed your bet on memories
But memories won't last and
Everything you wanted baby
Never came to pass
You think about it
Dream about it every single night
When you tell me to my face
I just won't care

When I saw you at the show

I thought you were so great
But at that point in time
I wasn't seeing straight

Get over me
I'm telling you
Get over me
Why can't you see?
Get over me
