I remember that day well  
Just don't ask and I won't tell  
On that pedestal from which you fell from grace  
Made me feel so unsure  
Of a love I thought so pure  
The sickness that you carry  
Has no cure

I believed you every time  
Then watched you do the crime  
Again and again  
Yes I believed you every time  
Then watched you do the crime  
Again and again  
My friend

How many times can you destroy me?  
Undermine and humiliate me  
Play me like a pawn  
On your little board  
Oh well  
I know you for what you are now  
The show is over  
Take Your bow  
Enough of the words I hear  
Whenever you're near me

I believed you every time  
Then watched you do the crime  
Again and again  
Yes I believed you every time  
Then watched you do the crime  
Again and again  
My friend

My dear friend  
I only wanted you  
To believe in me  
Like I believed in you  
And I want you to know

I believed you, one lie  
I believed you, one lie  
I believed you

I believed you every time  
Then watched you do the crime  
Again and again  
Yes I believed you every time  
Then watched you do the crime  
Again and again  
My friend
