Don't look away from me  
It's never been clearer  
You can't run away no  
There'll always be fear  
Don't try to disclaim  
What I see you already know  
Lost another day  
To misfortune and terror  
It's such a shame  
I'll always be yours  
It's torture and pain  
But that's just the way that it goes

You walked away and you left me with nothing  
With nothing to say  
There's someone else that I'd rather be  
But I'm the queen of spades  
Queen of spades

I beg you to stay please stay  
Girl in the mirror  
You can't leave me here no  
Behind these bars  
I'm caught in the rain yes and  
It's over I know that it shows

You walked away and you left me with nothing  
With nothing to say  
There's someone else that I'd rather be  
But I'm the queen of spades  
The queen of spades

The queen of spades
