Morning has broken  
I want to live  
It's hard to see when you're blind in the light

It seems you've forgotten how the mighty can fall  
But you've almost gotta see it to believe it

These days long  
Well I never asked you for all of this  
These days go on and on  
Well you say, stay  
But I never asked for all of this  
I want to live on and on

(These days I'm wondering who I'll call to when I'm  
falling down  
These days I'm holding out for something I don't  
understand These Days)

Bled you a perfect faith  
Still you turn  
Tried hard to hear but I'm deaf from the noise

It seems you've forgotten how the mighty can fall  
But you've almost gotta see it to believe it

These days long  
Well I never asked you for all of this  
These days go on and on  
Well you say, stay  
But I never asked for all of this  
I want to live on and on

(These days I'm wondering who I'll call to when I'm  
falling down  
These days I'm holding out for something I don't  
understand These Days)

I feel it  
I know this guilt will never end

These days long  
Well I never asked you for all of this  
These days go on and on  
Well you say, stay  
But I never asked for all of this  
I want to live on and on

(These days I'm wondering who I'll call to when I'm  
falling down  
These days I'm holding out for something I don't  
understand These Days)

Shake off the bitterness  
Or the emptiness will drag you down deeper each day  
No, I won't forget I won't forget

Shake off the bitterness  
Or the emptiness will drag you down deeper each day  
No, I won't forget I won't forget you
