Just cos you think it, don't make it so
Drive you to drink, it wont let you go

Plenty of girls and boys in love, plenty of girls and boys
in love

Move to the city, lose all ur heart, she wernt that pretty,
you aint too smart

Plenty of girls and boys in love, plenty of girls and boys
in love

And aint it a shame, oh wo oh oh wo oh
Aint it a shame, oh wo oh oh wo oh
Aint it a shame, I let you go

Plenty of girls and boys alone,
Plenty of girls and boys in love,
Plenty of girls and boys in love,
Plenty of girls and boys in love.
