I see people talk'in
Say'in lines in the parts they're play'in
And I hear people explain'in
All the choices that they're mak'in but
Please I beg to differ
Humble yourself, you'll learn much quicker

Well I don't know
And I'm not sure
I couldn't tell you
I haven't been down this
Road before
Don't ask me
Cuz I'm only sixteen
I haven't seen what I'm gonna be

Well I get people ask'in me
Where is it you wanna be
Tell'in me sorry you'll only find
That you're wasting your good time and
Be careful little honey
Cuz if you fail who's gonna bring home the money?

Well I don't know
And I'm not sure
I couldn't tell you I haven't been down this
Road before
Don't ask me
Cuz I'm only sixteen
And you're not where I want to be

Haven't traveled the deep blue sea
Or picked from an apple tree
I still live with my family
And I sure don't have any expertise but
I'm setting out to find
Whatever happens to be on my mind
Whatever it is, whatever it is,

Well I don't know! and I'm not sure!
I couldn't tell you I haven't been down this road before!
Don't ask me cuz I'm just sixteen and you're

Not where I want to be

Don't ask me! no, don't ask me!

Don't ask me
