who's that that girl that everybody watches when she  
walks by  
(walks by)  
who's that girl she's get herself together and she's not  
shy

\*chorus\*

whenever we're together and the sun is shining  
and there's magic in the air  
cuz we're young and free feel like we can live forever  
one, two, three we'll always be together  
L.I.F.E. it just keeps getting better enough

what's your dream can you see it in the world that's  
around you  
don't you know you can be anything that you want to  
anytime there's always a place we can stop by (stop by,  
stop by)  
walk and talk, telling stories, telling jokes, laugh til we  
cry

\*chorus\*

it's not about the way that you look  
it's not about the clothes that you wear  
it's all about the friends that you have  
it's all about the way they care

\*chorus\*
