Some people ain't no damn good  
You can't trust 'em you can't love 'em  
No good deed goes unpunished  
And I don't mind bein' their whippin' boy  
I've had that pleasure for years and years  
No no I never was a sinner--tell me what else can I do  
Second best is what you get 'til you learn to bend the  
rules  
And time respects no person--what you lift up must fall  
They're waiting outside to claim my tumblin' walls  
Saw my picture in the paper  
Read the news around my face  
And now some pepole don't want to treat me the same  
When the walls come tumblin' down  
When the walls come crumblin' crumblin'  
When the walls come tumblin' tumblin' down  
Some people say I'm obnoxious and lazy  
I'm uneducated--my opinion means nothin'  
But I know I'm a real good dancer  
Don't need to look over my shoulder to see what I'm  
after  
Everybody's got their problems--ain't no new news here  
I'm the same old trouble you've been havin' for years  
Don't confuse the problem with the issue girl  
It's perfectly clear  
Just a human desire to have you come near  
Wanna put my arms around you  
Feel your breath in my ear  
You can bend me you can break me  
But you'd better stand clear  
Repeat chorus
