(Sally in the roses)

I woke up today

Everything's on my shoulders

I never told her

Such emotional love

I hear what you say

Yes I owe ya

But I don't know ya

And I smash soldiers with love

I'll come there today

To your station

It's recreation

This passing notion of love

I hear what you say

It's demonstration

Crossing oceans above

Crossing oceans above

Hand on my shoulder

Like I told her

I control ya

Crossing oceans above

Sally in the roses

What she knows is

Such emotional love

Such emotional love

Such emotional love

(repeat 3 more times)

Not for beginners

or Sunday sinners

Court disasters

A.J just killed his love

Who's on the left and right

lonely days and nights

Who's your master

When gods pass motions above

I hear what you play

On your station

Smashing Soldiers with love

Crossing oceans above

Such emotional love

Such emotional love

Such emotional love

Such emotional love

I woke up today

Everything's on my shoulders

I never told her
Such emotional love
I hear what you say
Yes I know ya
But I don't owe ya
And I smash soldiers with love
I'll come there today
To your station
It's recreation
This passing notion of love
is crossing oceans above
Such emotional love
Such emotional love
(repeat 7 more times)
