

Mellencamp John Cougar "Last Chance"

Visit "[Last Chance](#)" on MotoLyrics.com

A cold day in December
And I'm still here alone
I look through my window and I surrender
Should be gone

But I've not place to go

CHORUS

Last chance to get up
Last chance to go
Last chance to get up and go
Last chance to get up
Last chance to go
Last chance to get up and go

If there were someone

I'd hold her

If there was love

I'd let it take me away

But I just stay here alone

CHORUS

I feel nothing I feel no pain
I feel no joy nor hurt inside
I only have myself to blame
If I see that the world's past me by

CHORUS
