I wake up everyday in a daze now
I'm loosing time on the clock
I can't even hear the telephone ringing...
I'm in a state of shock

I don't care about the front page headlines
It used to bring me down
I see your face everywhere I look
I'm walking 3 feet off the ground

Lost in loves magic
Lost in loves magic
Lost in loves magic now
I thought I didn't know how

I can't say just how I feel...
I'm so new at romance
With my heart working overtime
My brain just don't have a chance
But I see what I want & I'll take it
& I'll take it by you
I see the light shine in your eyes
I feel the magic in you

Lost in loves magic
Lost in loves magic
Lost in love magic now

I wake up in the night
I reach out for your hand
I'll surrender on sight
I'm under your command

Lost in loves magic
Lost in loves magic
Lost in loves magic now

Lost in loves magic
Lost in loves magic
Lost in loves magic now

I thought I didn't know how

I thought I didn't know how
I thought I didn't know how
I thought I didn't know how
I thought I didn't know how
I thought I didn't know how
I thought I didn't know how
I thought I didn't know hoooww...
