"Crashing Down"

Yeah, I talked it out with friend of mine
Looks like I'm gonna lose your love this time
She said I've cheated on you for too long
And don't I realise I ain't that strong

But now the nights are so cold and lonely
Lost without all your love

I come crashing down, down, down
Crashing down, down, down
Crashing down, down, down
Like a storm to the ground

I come crashing down, down, down
Crashing down, down, down
Now your love ain't around.

Woah, I ain't a child, no tears to hide
All my emotions hidden deep inside
With you I really thought I had it all
One day you're high and then you take a fall

But now the nights are so cold and lonely
Lost without all your love

I come crashing down, down, down
Crashing down, down, down
Crashing down, down, down
Like a storm to the ground

I come crashing down, down, down
Crashing down, down, down
Now your love ain't around.

Mmmm, yeah, yeah,
Woah, oh wanting you, loving you, needing you, losing
my baby
Cheated you, lied to you, ooohhh now I'm crashing
down

Crashing down, down, down
Crashing down, down, down
Crashing down, down, down
Like a storm to the ground
I come crashing down, down, down
Crashing down, down, down
Now your love ain't around.

Crashing down, down, down
Crashing down, down, down
Crashing down, down, down
Like a storm to the ground
I come crashing down, down, down
Crashing down, down, down
Now your love ain't around.
