I I, just died in your eyes eyes.
Just died in your eyes eyes.
Just died in your eyes.

There's a silence in the air tonight,
There's a secret we can't hide behind no more.
There's a distance we don't dare to go.
And the meaning of things I don't wanna know.

Your hands start undressing me.
Your lips wont stop kissing me,
I hear you say you love me...

But baby your lying lying.
I see the truth your hiding, hiding.
I look at you and, I, I, just died in your eyes eyes.
Before I start crying, crying.
Give me a reason for trying trying.
The one thing that keeps me alive-live.
I, I, just died in your eyes eyes,
Just died in your eyes eyes.

From the window I've been looking through.
I have seen the end of me and you.
(Uh woaaah)
And it's not about who's right or wrong.
When you wake up in the morning,
I'll be gone.

Your hands start undressing me.
Your lips wont stop kissing me,
I hear you say you love me...

But baby your lying lying.
I see the truth your hiding, hiding.
I look at you and, I, I, just died in your eyes, eyes.
Before I start crying, crying.
Give me a reason for trying trying.
The one thing that keeps me alive-live.
Just died in your eyes eyes,

My hopes, my dreams,

All I believe.
Just died died, just died in your eyes eyes.
Baby and all I know is what matters most.
Just died died, just died in your eyes eyes.
Just died in your eyes eyes.

There's a silence in the air tonight,
There's a secret we can't hide behind no more.

But baby your lying lying.
I see the truth your hiding hiding.
I look at you and, I, I, just died in your eyes eyes.
Before I start crying, crying.
Give me a reason for trying, trying.
The one thing that keeps me alive-live.
Just died in your eyes, eyes.
Just died in your eyes, eyes.
