#### **"If This Is Love"**

Yeah

Tell me baby in the night do you think of me  
When you open up your eyes am I there  
Are you standing by my window when I'm asleep  
Are you quiet when you know that I'm near

You know I love you, you thought I would leave you  
But baby I got you still  
You think you want to be by yourself, don't you  
But baby you never will

*[Chorus]*

If this is love  
Then I don't wanna know what is, I won't say another  
word  
If this is love  
Then I'm about to hit and miss, we're both going to get  
hurt  
If this is love

If this is love, yeah yeah

Are you picturing me lying across your bed  
Are you thinking you were wrong to hurt me  
I forgive you, I'll forget everything you said  
You will love and you will not desert me

You think you're crazy, I'm not I'm your baby  
I promise I'll always be  
You think eventually this too will pass  
But I promise I'll never leave

*[Chorus]*

If this is love, if this is love

Baby, baby if this is love  
I don't know what I'm gonna do  
Baby, baby if this is love

I will not accept it, I will not

*[Chorus (x2)]*

If this is love, if this is love

Yeah
