Girl, girl, girl....

[Verse 1]

I see you've fallen, fallen for me  
That's not the thing to do  
I'll tell you straight up now  
Listen while I'm saying now  
I'll play you like a fool

You think I'm pretty  
Such a pity, don't know what you've got  
And wife material is something that I'm really not  
Don't even think about,  
Taking me to momma's house  
Taking me to momma's house

Oooh Oooh

[Chorus]

I warned you from the start  
That boy, I'm not that kinda girl (kinda girl, kinda girl)  
Oooh Oooh  
I'm gonna break your heart,  
Tear it up cause that's the way I work (way I work, way I work)  
Oooh Oooh

No, I'm that woman, I'm free to roam  
Won't blow you kisses, down the telephone  
I warned you from the start  
That boy, I'm not that kinda girl

That boy, I'm not that kinda girl...

[Verse 2]

I won't pretend I'll be the girl on your arm  
Don't need no Mr Right  
Forget the fancy things  
I ain't looking for no strings  
You got me just for tonight

You think I'm pretty  
Such a pity don't know what you've got  
Your little sweetening sugar is something that I'm really not  
Don't even think about  
Taking me to momma's house  
Taking me to momma's house, oooh...

[Chorus]  
I warned you from the start  
That boy, I'm not that kinda girl (kinda girl, kinda girl)  
Oooh Ooooh  
I'm gonna break your heart,  
Tear it up cause that's the way I work (way I work, way I work)  
Oooh Ooooh

No, I'm that woman, I'm free to roam  
Won't blow you kisses, down the telephone  
I warned you from the start  
That boy, I'm not that kinda girl

[Bridge]  
Being good's not my thing  
I like to walk on the dark side  
Love's a stranger to me  
But we can ride  
Yeah, we can ride tonight (tonight...)

[Chorus]  
I warned you from the start  
That boy, I'm not that kinda girl  
Oooh Ooooh  
I'm gonna break your heart,  
Tear it up cause that's the way I work  
Oooh Ooooh

No, I'm that woman, I'm free to roam  
Won't blow you kisses, down the telephone  
I warned you from the start  
That boy, I'm not that kinda girl

That boy, I'm not that kinda girl...
