"One Shot"

Tell me straight
Your eyes are flickering so tell me straight
Your too late
See time is ticking
So tell me straight

Looking for somebody like you
Looking for somebody like you
Looking for you baby

Tell me straight
See I can handle it
So tell me straight baby

All I am is constantly
Waiting for somebody
Good enough for me
Waiting for you baby
So keep it steady
You got one shot, one shot
All I am is all for real
Letting you know who I am and
How I feel
Letting you know, baby
So keep it steady
You got one shot, one shot
One shot

Ba da ba da

I want you
I keep cool
But I am unprotected
I want you

Looking for somebody like you
Looking for somebody like you
Looking for you baby

I want you

So stay in focus
Baby, I want you
Yeah Yeah Yeah Yeah

All I am is constantly
Waiting for somebody
Good enough for me
Waiting for you baby
So keep it steady
You got one shot, one shot
All I am is all for real
Letting you know who I am and
How I feel
Letting you know, baby
So keep it steady
You got one shot, one shot
One shot

Looking for somebody like you
Looking for somebody like you
Looking for you baby
You got, You got

All I am is constantly
Waiting for somebody
Good enough for me
Waiting for you baby
So keep it steady
You got one shot, one shot
All I am is all for real
Letting you know who I am and
How I feel
Letting you know, baby
So keep it steady
You got one shot, one shot
One shot
