### "Open Up"

I didn't say it but I meant to tell you  
I didn't call but I was just about too  
I know your mad and thinking where I've been  
I know it's 5AM but I can explain  
I lost my jacket, had no credit on my phone  
I was worried about you here alone  
I tried to babe, I couldn't get a taxi  
I'm really tired, just wanna crawl in next to you

And I'm sorry that I'm so late  
And I'm sorry I'm in this state baby  
I'll make it up to you, baby

Oh baby open the door, open up open up  
I promise never no more, open up  
I will be a good girl, good girl  
I will be a good girl  
So baby let me back in, open up, open up  
Don't make me ask you again, open up  
I will be a good girl  
I ain't sleeping on the damn floor  
So now open up the damn door, damn door, damn  
door

I hear the tv so I know your in there  
You wanna punish me but this is not fair  
I pay the rent and do the same things you do  
I lost the keys and if you keep this up  
I will find away to kick the door down  
I'm not playing I'm at the door now, baby  
Yeah I'll call the police, baby yeah

Oh baby open the door, open up open up  
I promise never no more, open up  
I will be a good girl, a good girl  
Oh I will be a good girl, yeah yeah yeah  
So baby let me back in, open up, open up  
Don't make me ask you again, open up  
I will be a good girl  
I ain't sleeping on the damn floor

So now open up the damn door

Yeah

Open up open up

Open up open up

I ain't sleeping on the damn floor

So now open up the damn door

And I'm sorry I'm in this state baby

I'll make it up to you baby oh

Oh baby open the door, open up open up

I promise never no more, open up

I will be a good girl, I will be a good girl

Oh I will be a good girl, oh oh yeah

So baby let me back in, open up, open up

Don't make me ask you again open up

I will be a good girl

I ain't sleeping on the damn floor

So now open up the damn door

Open up Open up

Oh

Open up open up

Oh Oh please

I aint sleeping on no damn floor

So open up the damn door, damn door, damn door,

damn door
