"Puppet"

Oh-oh-oh
Yeah, yeahhhhh
I'll push to see how far I'll make yo go.
Then pull you back when I am cravin more.

You know that I'm the kinda girl you need,
So prove how much you wanna be with me.

I know you like it, you'll be my everything, if you don't
fight it, relax and come with me.

I control your body and mind, look into my eyes, I got
you hypnotized.

Like a p-p-p-p-puppet on a string.
Make you dance, make you sing, buy my fancy things,
buy my fancy things.

I can make you d-d-do just anything.
What I want, what I dream, I just pull the string, you'll
come back to me.

La-la-la-la-la-la-la-la-la-la-la-la-la...[x2]

You'll do anything I want you to. Don't move, unless of
course I ask you to.
So bring me back something nice.

Something that I'll like.
You know I'll treat you right, treat you right, right.

I know you like it, you'll be my everything, if you don't
fight it, relax and come with me.

I control your body and mind, look into my eyes, I got
you hypnotized.

Like a p-p-p-p-puppet on a string.
Make you dance, make you sing, buy my fancy things,
buy my fancy things.

I can make you d-d-do just anything.
What I want, what I dream, I just pull the string, you'll
come back to me.

La-la-la-la-la-la-la-la-la-la-la-la-la...[x2]

If you're gonna talk back, if you're gonna talk back,
pack your bags, pack your bags, just like that, just like
that.

You can't run away. You'll do exactly what I say.

Like a p-p-p-p-puppet on a string (on a string, yeah).
Make you dance, make you sing, buy my fancy things,
buy my fancy things (Buy my fancy things, oh).

I can make you d-d-do just anything. (I'll make you do
just anything),
What I want, what I dream, I just pull the string, you'll
come back to me (ohhh).

Like a p-p-p-p-puppet on a string (on a string, yeah).
Make you dance, make you sing (make you sing), buy
my fancy things, buy my fancy things.

I can make you d-d-do just anything.
What I want (what I want, yeah), what I dream, I just pull
the string, you'll come back to me (ohhh).

La-la-la-la-la-la-la-la-la-la-la-la-la (I'll make you sing
yeah, buy me fancy things, oh)

La-la-la-la-la-la-la-la-la-la-la-la-la (what I dream,
whooo...)

La-la-la-la-la-la-la-la-la-la-la-la-la...

(like a puppet on a string)
La-la-la-la-la-la-la-la-la-la-la-la-la...
