[Vanessa]

I didn't put this dress on for you to take it off

It took me thirty minutes, just to pick out this dress  
Another half an hour to clean up the mess  
Another twenty minutes just to do my makeup and you  
would wake up and dance with me

[Rochelle]

What's really going on

[Vanessa]

Why are you so afraid

[Rochelle]

When I'm pretty sure you can take it

[Vanessa]

Enjoy what you see

[Rochelle]

Cause you won't be seeing me naked

[Vanessa]

I didn't put this dress on for you to take it off  
But since you're with me right now

[Una]

Oh we got one night  
Oh we live one life  
So don't let this moment slip away  
There's a million lights and they shine so bright  
I would die if you walked away

[Vanessa]

Don't let me dance alone

[Rochelle]

I wanna dance with somebody

[Vanessa]

Don't let me dance alone

x4

[Mollie]  
It took you twenty minutes  
Just to come and say hi  
How can you get yes if  
If you don't give it a try  
I came here with my girls  
I'm not leaving without them  
So you got me for

[Frankie]  
One more song

[Rochelle]  
Let's get it on

[Frankie]  
No money for a drink

[Rochelle]  
Cause I spent it all on my dress

[Frankie]  
These bloody heels are killin' me

[Rochelle]  
But they're the best

[Vanessa]  
I didn't put this dress on for you to take it off  
But since you're with me right now

[Una]  
Oh we got one night  
Oh we live one life  
So don't let this moment slip away  
There's a million lights and they shine so bright  
I would die if you walked away

[Vanessa]  
Don't let me dance alone

[Rochelle]  
I wanna dance with somebody

[Vanessa]  
Don't let me dance alone  
x4

[Una]  
Something about the music got me feelin'  
Like I'm ready to blow  
Don't leave me alone

[Vanessa]  
Don't let me dance alone

[Una]  
Something about the music got me feelin'  
Like I'm ready to blow  
Don't leave me alone

[Vanessa]  
Don't let me dance alone

[Una]  
Don't let me dance alone (x3)

[Vanessa]  
I didn't put this dress on for you to take it off  
But since you're with me right now

[Una]  
Oh we got one night  
Oh we live one life  
So don't let this moment slip away  
There's a million lights and they shine so bright  
I would die if you walked away

[Vanessa]  
Don't let me dance alone  
[Rochelle]  
I wanna dance with somebody  
[Vanessa]  
Don't let me dance alone  
x8

[Vanessa]  
Feeling like a millionaire  
Could be going out  
Could be going anywhere

[Rochelle]  
We don't need those lights to see  
Cameras flashing in there right where we wanna be

[Mollie]  
Don't want it all to stop

[Frankie]  
We're here and that's enough

[Rochelle]  
You know that

[Vanessa - Rochelle - Frankie]  
Cause you know that there's magic in this city  
Feels like living somebody else's life  
These streets are talking to me  
Feels like living somebody else's life

[Una]  
Don't know the way to go and it doesn't matter

[Vanessa]  
We could find what we need tonight

[Vanessa - Rochelle - Frankie]  
There's magic in this city  
Feels like living somebody else's life

[Una]  
Nothing here can bring me down  
Cause the music is the heartbeat in this town

[Rochelle]  
Don't worry when the morning comes  
If you believe that we'd go on and on

[Mollie]  
Don't want it all to stop

[Frankie]  
We're here and that's enough

[Rochelle]  
You know that

[Vanessa - Rochelle - Frankie]  
Cause you know that there's magic in this city  
Feels like living somebody else's life  
These streets are talking to me  
Feels like living somebody else's life

[Una]  
Don't know the way to go and it doesn't matter

[Vanessa]  
We could find what we need tonight

[Vanessa - Rochelle - Frankie]  
There's magic in this city  
Feels like living somebody else's life

[Mollie]

Turn the music up

[Frankie]  
I don't see a red light

[Mollie]  
I can't get enough of

[Frankie]  
The noise of the skyline

[Mollie]  
I'm someday else

[Frankie]  
Under these stars tonight

[Mollie]  
Open your eyes

[Mollie - Una]  
Open your eyes

[Vanessa - Rochelle - Frankie]  
Cause you know that there's magic in this city  
Feels like living somebody else's life  
These streets are talking to me  
Feels like living somebody else's life

[Una]  
Don't know the way to go and it doesn't matter

[Vanessa]  
We could find what we need tonight

[Vanessa - Rochelle - Frankie]  
There's magic in this city  
Feels like living somebody else's life
