Living in the land of make believe.
Girl your kiss makes it hard to breathe again, Yeah.
Watching my back since the start of this,
Ballin' my fists using innocence, again.
You always were the one to ease the pain,
Filling my heart with the novocain.
I said where'd you go tonight,
Oh where have you been sleeping?, Yeah.
I said we can't give up the fight,
Cuz you were one for the

My little halo I just wanted you to know,
When you left me, is when I needed you the most.
I'm surrounded, I swear this is the last time.

You now it hits home when you start to sweat.
Live and let live, never did regret.
Oh baby call me when you're ready,
Baby call me when you're ready
Substitute touch for the emptiness,
I never cared much for the scent of sex.
Baby call me when you're ready,
Oh baby call me when you're ready.
I said where'd you go tonight,
Oh where have you been sleeping, Yeah.
I said we can't give up the fight,
Cuz you were one for the money, Yeah.

My little halo I just wanted you to know,
When you left me, is when I needed you the most.
I'm surrounded, I swear this time is the last time.
I think I've crossed the last line.

I wanna feel that endless summer.
I wanna give you time to shine.
When everybody's got the same intentions, can,
I change your mind?

My little halo I just wanted you to know,
When you left me, is when I needed you the most.
I'm surrounded, I swear this is the last time.

I think I've crossed the last line.
