I'm so inspired to take this knife
And run it through your lies
I have the means, but honestly
I could never let you in so easily

And all aside, you're not so bad
But, I could do without the consequences
I love the way, I love the way you make me feel
Like I'm the only one left standing in the crowd

Break down these walls enough to let you in

Hold me close, you'll never know
(Listen to your heartbeat, listen to your heartbeat)
How much I need this
More than I ever have before
(Listen to your heartbeat, listen to your heartbeat)
Show me how it goes

Baby girl, I like your style
And how you always keep me waiting
So long

If you like, I could take you for a ride
On the seaside
Under the docks tonight for you
For you

Break down these walls enough to let you in

Hold me close, you'll never know
(Listen to your heartbeat)
How much I need this
More than I ever have before
(Listen to your heartbeat)
Show me how
And take what you want from me and go
I'll promise you with loving hands
And show you the courtesy
You deserve

You look so beautiful

As you wash up on the shore
So lovely
So lovely

Hold me close, you'll never know
(Listen to your heartbeat, listen to your heartbeat)
Hold me close, you'll never know
(Listen to your heartbeat, listen to your heartbeat)
Hold me close, you'll never know
(Listen to your heartbeat, listen to your heartbeat)
How much I need this
More than I ever have before
(Listen to heartbeat)
Show me how
And take what you want from me and go
I'll promise you with loving hands
