Them legs,
Oh yeah they're looking so good
(Oh they're looking so damn good)
And as she walks along she's turning heads, make
them boys think they should.
And them thighs,
Oh yeah they're moving so slow.
And as the record spins, you sing along, I'm about to
lose control.

And she pleads, "It's the American way."
I play along (yeah),
Cause that's just how she's always been.
And I know that you already know.
(That you already know)
Moving so fast,
That you're bound to lose control.
(Alright)

Them damn hips,
You know you shake it so well.
I'm gonna shake (shake, shake) it up.
You've got me under your spell.

And she pleads, "It's the American way."
I play along (yeah),
Cause that's just how she's always been.
And I know that you already know.
(That you already know)
Moving so fast,
That you're bound to lose control.

It's no secret
She just likes the way it feels.
She's not impressed (not impressed) with anything you
have to give

You're a habit I've been trying to kick aside.
As the bottle breaks
You've been blowing smoke that's filling up my lungs.
You're a habit I've been trying to kick aside.
As the bottle breaks

You've been blowing smoke that's filling up my lungs.
You've got it going on.

And I know that you already know.
(That you already know)
Moving so fast, that you're bound to lose control.

It's no secret
She just likes the way it feels.
(Likes the way it feels)
She's not impressed (not impressed) with anything you
have to give
