Hand me the knife
So I can make this right
Hold still (breathe in)
This wont hurt a bit
When there's nothing but a goodbye
What can I do to save your own life
And there's no point in screaming
Dont be afriad
I can take this pain away
Hold still (hold still)
I can take it away
Take it away
Hold still (hold still)
I can take it away from you
I'm holding your hand
I look in your eyes (life is in my hands)
Hold still (hold still)
I can take it away, take it away from you
When there is nothing left but a goodbye
I'm gonna open you up (open you up) to save your own
life
And the blood starts to run as I'm holding the knife and
your life's in my hands
Hold still, (hold still)
I can take it away, take it away
Hold still (hold still)
I can take it away from you
I'm holding your hand
I look into your eyes (life is in my hands)
Hold still (hold still)
I can take it away, take it away from you
Life is in my hands (x2)
And I'm in, over my head, and I cant turn back
And I'm in, over my head, and I cant turn back
Life is in my hands
Hold still, (hold still)
I can take it away, take it away
Hold still (hold still)
I can take it away, take it away from you
I'm holding your hand
Are you feeling alive?
Life is in my hands

Hold still (hold still)
I can take it away, take it away from you
I can take it away from you (x3)
