Like water on my lungs  
She took my breath away (x2)  
Put the air in a paper bag  
Then burst it in my face  
Now I'm addicted  
I need a hit  
You're my cigarette  
Cant get over it  
Now I'm addicted  
I need a hit  
Cant get over it  
Save me  
My new addiction  
So x-rated (x2)  
Save me  
She'll take your breath away  
Are you lonely like me?  
Does it cut you deep?  
Save me  
She'll take your breath away  
When my heart stop beating I saw the light  
Lying next to me with fire in her eyes  
The only thing left bleeding was a broken heart  
She kinda laughed as she ripped it apart  
Save me  
My new addiction  
So x-rated (x2)  
Save me  
She'll take your breath away  
Are you lonely like me?  
Does it cut you deep?  
Save me  
She'll take your breath away  
Is my vision blurred?  
I feel ok inside  
The room turns to black  
But I feel alright  
Should we take a chance (take a chance)  
I can stay (I can stay)  
Grab my hand its not too late  
Should we take a chance (take a chance)  
I can stay (I can stay)

Grab my hand  
Save me  
My new addiction  
So x-rated (x2)  
Save me  
Save me  
My new addiction  
So x-rated (x2)  
Are you lonely like me?  
Does it cut you deep?  
Save me  
She'll take your breath away  
That hurt means everything  
Breath away  
That hurt means everything  
Breath away
