Well it's a hot night,  
Excitement,  
And in the heat of the night,  
The flames ignited.  
I see you smiling,  
Standing there with so many beside you.  
How can I choose from plastic faces and  
Christmas presents done up in June?  
I don't know why I am what I am but that's alright.  
But I can tell you this.  
You either got it or you ain't.  
You either got it or you ain't.  
There's a cool breeze,  
Blowin' through the city,  
And in the heat of the night,  
It sweetly kisses my skin.  
Mini-skirts, long legs and painted faces,  
Sin, sin, sin.  
Well, I don't go just anywhere and I don't please just  
anyone that's

Right.  
So if you fit the bill,  
Well c'mon baby show your skill tonight.  
Tonight, tonight.  
You either got it or you ain't - have you got it?  
You either got it or you ain't -  
Oh, show me.  
It's such a hot night,  
I'm undecided,  
But in the heat of the night,  
I get so excited.  
I look around and see the scene of pretty faces and  
make-up dreams,  
Of all you people, standing there,  
You looks won't get you anywhere at all.  
Well I don't preach philosophy and I don't tell anybody  
just what they

Should be,  
But I can tell you this.  
You either got it or you ain't,

You either got it or you ain't,  
You either got it or you ain't,  
And that's just about all.
