I need your love, I need your love Every single day is  
such a struggle without you I need your love Away for  
an hour and I can't get over you I don't have the power  
to distract my thoughts from you I miss your love, I  
miss your love Every single day I keep fallin apart I  
miss your love Draggin my heart around that's what I  
have to do Cause I don't find find a cure until I'm back  
at home with you I need a drug, I need a drug On every  
other day the world falls apart I need a drug, I need  
your love I need your love, I miss your love I need your  
love, I need your love Every single day in a thousand  
different ways Don't you know, I need I need, I need  
your love Well I need your love Yes I miss your love I  
need your love
