I'm in the thick of it, you're in the thick of it We're in the thick of

It always.

I'm in over my head, you're in over yours

We're in over our heads always.

I don't wanna lick it up and I don't

Wanna pick it up.

Said I don't wanna stick it up your veins.

It's always a problem but it's never mine.

I don't want to hear you complaining.

I think I'm in a jam man,

I think

I Need another plan I think I'm in a jam man now. Well

I'm always sick of

It,

And you're always sick of it.

We're both sick of the same old shit.

I've had it to here with you standing there, Don't know where you're

Going "n"

I don't even care.

You once were my friend but now just a fiend. You'll never make it to

Where

I've been I wanna do right ,

You wanna incite I'm gonna stand and fight I think I'm in a jam man,

I need another plan I think I'm in a jam man now. Said I think I'm in a

Jam

Yeah I'm gonna need another plan,

I think I'm in a jam man now

That's why everyday you burn the light

Out of my eyes.

Lead me like some mongrel dog that's walking

By your side.

You don't have to see me freaking out

Just to understand
That I'm sick to death of breaking down and Showing
you my hand.
I think I'm in a jam. yeah,
I'm gonna need another plan.
I think I'm in a jam man now
Said I think I'm in a jam
Yeah, I've gotta find another plan,
I think I'm in a jam man now.
